PASTOR M'DANIEL DULY INSTALLED

The New Bishop of the First Baptist Church Meets Cordial Welcome.

THE EXERCISES SUNDAY

The Church Edifice Crowded With People to Witness Installation Services.

Since the resignation of the Rev. Dr. Cooper as pastor, more than a year ago, the First Baptist Church, the oldest church of that denomination in the city, has been without a pastor. The church had not been closed, and the grand work the congregation there has been engaged in for more than a hundred years went right along. The pulpit was filled every Sunday, the Sunday school flourished, the missionary societies kept up their work, the deacons looked after the sick and the distressed, and the general spiritual work went on; but the fact was, the church did not have a regular pastor.

The committee appointed to find a pastor was kept busy enough, and finally reported in favor of calling Rev. George W. McDaniel, of Dallas, Texas. He was called, accepted the call, and came to Richmond, and is now the youngest preacher in the city at the head of one of the oldest churches.

Installation Day.

Sunday was the day set apart for the formal installation of Mr. McDaniel as pastor of the First Baptist Church, and at 3:30 o'clock in the afternoon the auditorium of the old church was well crowded with people to hear and to take part in the installation service.

Dr. Mitchell, one of the professors at Richmond College, who is a member of the First Church, and who had been most acceptably filling the pulpit since Dr. Cooper's resignation, presided over the great meeting.

The venerable Rev. Dr. J. R. Garlick opened the exercises with prayer, and Rev. Dr. J. H. Hutson, of the Pine Street Baptist Church, read the Scripture selection.

Professor Charles H. Winston, chairman of the committee appointed to call a pastor to the church, was the first speaker on the programme, and he offered to the new pastor the cordial greeting of the church body, skillfully indicated what the church might reasonably expect of its pastor, and what he believed it had found in the Rev. Mr. McDaniel.

Baptists in History.

Rev. Dr. J. B. Hawthorne, pastor of the Grove Avenue Baptist Church, and a former pastor of the First Church, spoke in words of welcome on behalf of the Baptist Ministers' Conference and of other Baptist churches of the city.

In opening his address, Mr. Hawthorne referred most gracefully and dutifully to the motherhood of the old First Church. He said: "She is the mother of us all, and whatever is pleasing to the old mother can but be gratifying to her children." He referred to the great work the old church has done in its one hundred and twenty-five years of life in advancing the cause of Christianity and the Baptist denomination in Virginia, throughout the South and in foreign lands. He spoke also of the figure Virginia Baptists had cut in the fight for religious freedom, a fight that culminated in the adoption of Jefferson and Madison's famous bill forerunning guaranteeing to Virginia and America the priceless boon of religious liberty.

"The echoes of the victory that Baptists won in Virginia more than a century and a quarter ago are being heard around the world to-day. They are being repeated in thunder tones in Warsaw, in Petersburg, and in Moscow, and in England Baptists are to-day using the same arguments against the 'Establishment' and making the same fight that their brethren used and made in Virginia away back in the eighteenth century."

In conclusion, Dr. Hawthorne cordially welcomed the young pastor into the army and is still fighting for religious liberty.

From Other Churches.

Rev. Dr. Jera Witherspoon, pastor of the Grace Street Presbyterian Church, welcomed the new pastor on behalf of the churches of other denominations. Dr. Witherspoon's address was most felicitous in that he dwelt especially on the beautiful fraternity and harmony which existed among the various bodies of Christians in Richmond. He rejoiced in the coming of the strong young pastor to the great First Baptist Church.

Rev. Dr. R. H. Pitt, editor of the Religious Herald, welcomed the new pastor on behalf of the Baptists of the whole State, and in so doing explained to the new comer and to the large congregation the State and foreign missionary work that the Baptists have in hand.

Mr. McDaniel replied briefly to all these words of welcome in a few well chosen words, in which he declared that he came to Virginia to do the Master's work, to try to lead and help an old historic church in spiritual work and advancement of the Kingdom. He said that he was in no sense a political reformer, and did not come here to meddle with politics, he was with his church in preaching for civic righteousness.

The interesting exercises were closed with prayer by Rev. Dr. Ashby Jones, pastor of the Leigh Street Baptist Church.

CLEAR SKIES AHEAD.

Three and One-Half Inches of Snow Fell Sunday Night.

Fair weather, with practically the same temperature, is the outlook for Richmond for two days to come.

Rain or snow fell all along the Atlantic coast as far north as New York State, while the cold in the Northwest is intense. Bismarck has a temperature of 24 degrees below zero, and the whole of the Northwest territory registers zero or below.

Snow began to fall on Sunday evening at 7 o'clock, and fell heavily and continuously during the night, until three and one-half inches covered the ground at 10:30 A. M. on yesterday morning.

The minimum mercury for the last twenty-four hours, recorded in the Weather Bureau, was 20.

At Jupiter and Key West the thermometer registered 40 degrees, the highest temperature in the United States.

Mr. Evans, weather director, asked what was the coldest and warmest weather recorded in the United States, said:

"I have seen the thermometer a number of times at 51 degrees below zero at Bismarck, and once at 49 degrees below zero at Chicago."

The lowest temperature ever recorded in the United States was 62.1-10 degrees below zero at Poplar River, Montana. This terrible cold was on January 2, 1885.

The cold waves from Poplar River, blowing East, sent the thermometer to zero at Atlanta, and caused a heavy snow storm in Southern Florida.

"The warmest weather of record in the Weather Bureau was 119 degrees at Phoenix, Arizona. There have been higher records, but not recorded in the Weather Bureau."

"Brigadier-General Greely, of the Signal Service, states in his book, 'American Weather,' that the temperature reached 123 degrees at Santa Barbara, Cal., on June 17, 1859."

"Birds and beasts dropped dead from the intense heat."

Virginians in Cuba.

A special in the Havana Post of January 26th tells of the beginning of an important improvement in Santiago de Cuba as follows: "Work on the Santiago water works was finally opened this afternoon with appropriate ceremonies. Hon. Luciano M. Diaz, secretary of public works, broke the first shovelful of dirt and then broke a bottle of champagne on the foundation of the dam, amidst the cheering of a large assemblage of the citizens of Santiago."

Among those present were Governor Yero, Sigel and secretary Mayor Bagard, General Manager Gruber, of the Cuba Railroad, and many prominent citizens of Santiago. The engineering department was represented by Arthur, Chief Engineer Chalmers and Assistant Engineer Wilson.

The share and Trust Company was represented by Manager W. F. Gordon, Jr., and Superintendent Thomas H. Walker. The Mr. Gordon referred to above is a Louisiana boy, who went to Cuba three or four years ago, and Mr. Walker went to the Gen. of the Auxilios from Goodland county about the same time. These Virginia boys are doing well in their new home.

Supreme Court Proceedings.

Proceedings of the Supreme Court of Appeals yesterday.

City of Newport News vs. Robbins, and City of Newport News vs. Woodward. Argued by J. A. Massey for the city, and John Winston Reid for the defendants and submitted.

Driver's administrator vs. Southern Railway Company. Argued by John T. Harris for plaintiff in error and continued until tomorrow morning.

The next cases to be called are: Norfolk and Western Railway vs. Price, No. 100 argument docket, and Lewis vs. Anderson, Oriental Lumber Company vs. Blaine Lumber Company and Taylor vs. Taylor, docket Nos. 49, 50 and 51 on argument docket. Stevenson vs. Stevenson was submitted on briefs.

Repairs at Gas Works.

Pending the making of repairs at the lower gas works, a portion of the water gas plant has shut down. During the time six repairs in the coal gas plant were made. This change necessitates the employment of twenty extra men in two shifts.

WHO SAID "BEAUTIFUL SNOW"?

FACULTY WOULD SOLVE PROBLEM

College Topics Reports Interesting Meeting of the University Faculty.

BASE-BALL OUTLOOK GOOD

Sketch of Men Who Will Play on Base-Ball Team This Season.

College Topics, official organ of the Athletic Association of the University of Virginia, in its most recent edition, has two items of especial interest to Richmond people, one relating to the Thanksgiving games, the other to prospects for base-ball this spring.

Of the former matter, the paper says: "A meeting of the Faculty Committee of the University of Virginia, held in the office of the administration building at noon Thursday."

There were present President Edwin Anderson Alderman, Dr. Christian, Professor Behold and Dr. Lambert.

The matter under discussion was the future of the "Thanksgiving" foot-ball games in regard to the question of inducements to be offered or not offered to Richmond.

A proposition will be made to Richmond. What the nature of this proposition will be is not known even to the members of the committee themselves.

Despite the fact that Virginia Polytechnic Institute has leased the Broad Street Park, no anxiety is felt on that score. If the Richmond annual offered to build a park this year on certain conditions, they will have even greater reason for building it next year, when the athletic authorities of the University will be in a position to accept any reasonable offers.

Virginia Polytechnic Institute may be advised to take advantage of the irritation felt in Richmond toward the University, and their game may prove a better drawing card than it did in Norfolk. However, it seems probable that the Carolina-Virginia game will be held as usual from their game in Richmond when Virginia Polytechnic Institute and Virginia Military Institute played in Norfolk and the two Universities in Richmond.

Despite the fact that Virginia Polytechnic Institute has leased of almost in Richmond, their games have never drawn well there.

Base-Ball Prospects.

The outlook for a winning base-ball team is, unusually bright. A large proportion of last year's players are back in college, while the new material is promising. One encouraging feature is the large number of excellent preparatory school players in college.

Of last season's team, Snucky, Mason, Cracraft, Pollard, Daniel, Chandler, Slaughter, Cole and Council will apply again.

Virginia will undoubtedly be strong in the box. Pollard and Cole will once more try their hand at catching, and will be in better form than ever. Cracraft will not pitch, but intends to apply for first base.

Great things are predicted of the new man in the box, Alton Chalmers from Woodbury Forest. He showed his ability by the winning games he pitched against Virginia and Washington and Lee. He is healthy, has good nerves, and his control is excellent. Beyond a doubt he will make a valuable member of the team from Mercer College. He has an excellent record, and is considered one of the best amateur pitchers in the South.

Fisher is an old Roanoke College man. He is a left-hander and a good outfielder. He will be valuable to the team for his ability to hit the ball, for at Roanoke he was first on the batting order. Warner, who played such a good game at end on the foot-ball team this fall, has a good record. He pitched on the Harrisonburg amateur team, in the summer, and held the strong Orange team to four hits in ten innings.

Chandler and Council will be seen once more as catchers, and there need be no alarm felt for that position. Other applicants will be Ralph Jones and Cecil Dabney.

At the Bases.

At first Cracraft, Slaughter, Daniels and White will contend for honors. These are all good men. The first three are well known to college. White comes from St. Albans, and is an excellent player. He is considered by Holt, of North Carolina, to be a coming man.

At second "Fob" Rosser will apply again. He is an excellent fielder, and mows the game well. He was a member of S. Albans, and played last fall at Long Dale, when he played great ball for Jones's school, and last season was with St. Albans. He is good fielder and excellent batter and will doubtless make good on to-morrow morning.

Crutchfield Stucky will be at short, and "Tate" Mason at third.

In the outfield a number of men are applying. Of the old men, Council, Pollard, Stucky, Cracraft and Daniels are good outfielders. Of the new applicants, Rowe has the greatest reputation. He was the captain of Gettysburg team last year. Christian, Grant and Springer will also try for the outfield.

To Improve Jasper Heights.

The Richmond Land and Improvement Corporation, chartered by the Corporation

Commission yesterday will improve a large slice of old Jackson Ward property known as Jasper Heights, just across the bridge, opposite Barton Heights, and branch, opposite Barton Heights.

The men in the company are progressive citizens, embracing Messrs. J. C. Bosher, T. S. Payne, C. H. Harman, B. G. Garner, H. S. Wright. Besides developing this property the company will take up other improvements.

REAL ESTATE SALES.

Messrs. Carneal & Son Make a Fine Week's Record.

J. D. Carneal and Son made the following sales last week: Farm in Caroline county, \$6,000; Nos. 435, 437 and 439 Catherine Street, \$2,400; Nos. 324 and 326 P Street, \$1,600; No. 97 South Laurel Street, \$1,000; No. 117 Chaffin Street, \$650; Nos. 2015 and 2017 P Street, \$350; No. 224 1/2 Street, \$700; Nos. 512 and 514 Gilder Street, \$650; Nos. 37 and 72 William Street, \$300; No. 226 West Cary Street, \$1,600; No. 921 Moore Street, \$1,400; Nos. 1002 and 1004 North Twenty-seventh Street, \$1,000; No. 117 Beverly Street, \$200; No. 115 St. Paul Street, \$750; lot on Hanover Street, between Park and Meadow, \$1,000; lot in (old) Jackson Ward, \$500; two houses on Orange Street, near St. James, \$375.

TRY CHRISTIAN SCIENCE.

Justice Crutchfield Seeking Cure in the Court of Last Resort.

His Honor, Justice John Crutchfield, has handed down the opinion that Christian Science is the real and only cure for all the ills that flesh is heir to.

His Honor, in conversation some days ago, dwelt at some length on his suffering and said that he had tried every cure and every charm without avail.

"Why not try Christian Science?" said the solicitor friend, who had a case before His Honor.

"I sat through 'Parasol,'" said His Honor, "and that ought to cure any man—or of the Wagner cut."

"Have one try at the faith cure," said the wily friend, "and show the people that you have Dowie, the prophet, whipped as a self-healer."

NEWS GATHERED FROM SOUTHSIDE

Dobbins Case Is Now on in the Corporation Court.

JURY LOCKED UP ALL NIGHT

Many Cases in the Manchester Courts—Lend Help to City Mission—Personal Notes.

Manchester Bureau, Times-Dispatch, No. 1115 Hull Street.

The case of William J. Dobbins, charged with criminal assault, was begun in the Corporation Court yesterday, and continued over to to-day, after a partial hearing. The evidence will probably be all in to-day, and the case will probably reach the jury before night.

Dobbins is being tried on the charge of criminally assaulting Bessie Jones, a young white girl, who afterward married Guy Cole, one of Dobbins's employees. The penalty for such a crime is a term in the penitentiary or hanging.

The jury was locked up in the court-house and Dobbins was sent to jail until this morning at 9 o'clock, when the hearing will be continued.

No Contempt.

Judge Clifton had Alexander Allen before him yesterday on the allegation that he dishonored Stanley Shackelford.
